

MOULDAWAY

MOULD REMOVER

**MOULD, BACTERIA and VIRUS CLEANER
SANITISER for BATHROOMS and SHOWERS**

- ✓ **Effective - deals with 99.9% of bacteria, moulds and viruses!**
- ✓ **No need to scrub - contains active bleaching agents**
- ✓ **Triple action formula - easily removes ingrained moulds and bacteria**
- ✓ **In a ready to use 1 litre Trigger Spray pack**

MOULDAWAY is the perfect solution for sanitising most hard surfaces. It is particularly suitable for the removal of pink and black mould from shower stall walls, from the grout between bathroom tiles and from shower curtains.

MOULDAWAY's triple action formula covers a broad spectrum of issues and provides the one product, one treatment solution needed in today's complex environment.

MOULDAWAY is effective against 99.9% of viruses. Although most viruses have short lives outside of a host, **MOULDAWAY** is the perfect, easy solution when wiped over most hard surfaces.

MOULDAWAY can be used on chrome, stainless steel, white grouting, Formica, plastic, acrylic baths, showers, ceramic basins, toilets and most other hard surfaces.
