

Nest Cam IQ

NEST AWARE FEATURES

Add intelligence and continuous recording with Nest Aware*
*Subscription service sold separately. Camera comes with a 30-day free trial.

Familiar face alerts

With Nest Aware, Nest Cam IQ becomes even smarter. It can send a notification if it sees a friend or family member, or if it detects an unfamiliar person.

24/7 continuous recording

Never miss a moment. Scroll back easily through the last 10 or 30 days of your continuous video history using Sightline in the Nest app.

Clips and timelapses

Create clips and timelapses to share with your family and friends.

Activity Zones

Highlight areas that are important to you and receive alerts when something happens there. And if Nest Cam IQ recognises a door, it automatically creates an Activity Zone around it for you.
