Date: 06.04.2023

Ladies and Gentlemen,

We strive to provide you with the best-in-class transparency on our products. We continuously review our products and are also working proactively with our suppliers to continuously provide the most up-to-date information to meet the demands of a complex regulatory environment. As a result, our product information has been updated and you are receiving the current safety data sheet for the product(s) listed below which are subject to labeling provisions in your country or in accordance with Henkel global standards.

Please issue these sheets to all persons in your company who are responsible for industrial safety, health protection, and for handling these products. If you resell the product(s) (e.g. as wholesaler), please note that you are also obliged to inform your customers in the same manner.

This obligation also applies to online selling. Online traders must ensure that the products can continue to be sold into the relevant market sector (Industrial, Professional or Consumer).

Please note that exposure scenarios for substances which we have prepared a chemical safety assessment can be downloaded at mysds.henkel.com. If applicable, the direct link can be found at the end of the safety data sheet.

Upon receipt of this updated safety data sheet all previous versions are no longer valid.

Best Regards,
Henkel Product Safety & Regulatory Affairs

(If you would like to contribute to Henkel's sustainability efforts by switching from a paper version to the electronic version of SDS, please contact the local Customer Service representative.)
